Wedding Planning Questionnaire

Define your priorities before you book anything

Most couples start by booking a venue. That locks in a location, a guest cap, a vibe, and a chunk of your budget before you've talked through what you actually want. This questionnaire fixes the sequence: answers first, bookings second.

HOW TO USE THIS

- Fill it in with your partner, and with each family if that applies.
- Do it before you message a single vendor.
- There are no wrong answers, only honest ones — you can change anything later.
