AyeDu

Vendor Comparison Guide

Put every quote side by side, so the decision makes itself

Use one page per vendor category. Fill in up to three vendors you're seriously considering, score them against the same ten criteria, and let the comparison do the deciding instead of whichever vendor you happened to talk to first. Pair this with your AyeDu Wedding Planning Questionnaire results, since your priorities from that questionnaire are what should weight these criteria for you.

Couple names

1. Venue

Where the day happens, and what it locks in

Criteria	Vendor A	Vendor B	Vendor C
